

CONCAENTOSA

Isola dei Nuraghi Bianco 'Shar'

Born on the craggy, sun-bleached granite of northern Sardinia, winemaker Emanuele Ragnedda's wines more than reflect the raw beauty of this Mediterranean island through the mirror of Vermentino. His rare, very small-batch whites—inspired by the island's history and named according to its mythological lore—shine a brighter light on the flavorful potency of wines from this ancient land. A Sardinian native, Emanuele says he crafts his wines with "courage, enthusiasm and luck."
