

## AZIENDA AGRICOLA MURGO

### Extra Brut Metodo Classico

*The first artisans to champion Nerello Mascalese as a sparkling wine and certainly one of Sicily's oldest winemaking clans, the Scammacca del Murgo family has for more than a century cultivated grapes as well as olive and fruit trees in Santa Venerina, on the east coast of Mount Etna. Grown exclusively on the volcano's fiery slopes at altitude, Nerello Mascalese produces not only world-class red wines but also elegant sparkling wines—and is unquestionably one of Italy's most distinctive grape varieties.*
