

## DOMAINE OLIVIER MORIN

### Irancy

Since 1992, when Olivier Morin left a life in the music industry to take over his family's domaine in the medieval town of Chitry-le-Fort, essentially trading in his turntables for a tractor, Olivier has never looked back. Crucially, the vineyards of Chitry (she-TREE) share exactly the same chalky, Kimmeridgian soils as Chablis, just a few miles away. Olivier and his wife Nelly tend their Chardonnay and Pinot Noir vines according to organic practices, for character-rich wines that transcend this modest appellation with their resonant flavors and stunning complexity. What's more, Morin Bourgogne Chitry offers outstanding value.
