

CASONI

1814 L'Aperitivo Non-Alcolico

Casoni was founded in 1814 and is considered one of Italy's oldest distilleries. For most of the 20th century, this family-founded fabbrica and distilleria was a standard bearer for Italian spirits, operating just outside Modena in Emilia-Romagna. Now headed by its seventh generation, Casoni is again at the forefront of the Italian craft spirits movement, with a re-energized vision of the family's classic range of aperitivi and amari. Casoni's creations stand out with their balanced profiles and low added sugars; the team here also excels with its in-house production of proprietary infusions and small-batch natural aroma extractions.
